The Lake Board is waiting upon the Township's outside counsel for language to insert in the proposed contract for the removal of silt and lily pads in the area of the Lower Scott Lake dam, near 109th Avenue. In the interim, the Township and the Lake Board are refining contractor performance obligations regarding the placement of "spoils," that is, the silt and vegetation from the channel in the Township park.

The Lake Board had the lake treated for pondweed on August 31 and the invoice for that treatment has been submitted to the Township for payment. In addition, in September the Lake Board will have a contractor treating swamp loosestrife at various locations around the lake to improve/preserve homeowner access to the lake and to generally control this invasive species.

P.S. The lake is still wet, and it is cooling.
